Zakk Wylde BOSS...?

by **fuzzbuzzfuzz** » 08 Jul 2013, 13:31

So there is an SD-1 and a CH-1. Are these actually that rare? Any stats on production, dates and numbers? I`m curious!

I *think* they are very rare. Sure I read somewhere that there were only 5 of each or something (may have imagined that though)

Someone on here bought the pair fairly recently.

Yeah, that was Vim Fuego and he bought the pedals in March (as you can read in this thread: viewtopic.php?f=15&t=2127&p=22259#p22259). Here is his pic:
