DingoTone VSW pics

by **Laurie** » 05 Aug 2012, 16:23

Had to share these... We are stamping labels on our one-off custom shop pedals now. I'm really happy with how they are turning out.

Those are really nice looking, but why put the guitar print on the bottom?
No one can see it

Yes they can - when they unwrap the pedal

Be nice to me - have a look at your SP-1 thread!

Sexy... But I think I'd like see the bottom picture on the top (assuming it fits). Either way, big thumbs up

DingoTone is starting to look very pro all round now.
